MAHESHWARI VIDYAPEETH
(An Institution of Shree Maheshwari Shikshan Sansthan)

Saraswati, the goddess of knowledge, music, art, wisdom, and nature, represents the free flow of wisdom and consciousness. She is the mother of the Vedas and chants, her holy mantra 'Saraswati Vandana' often begins and ends with valuable Vedic lessons.

PRESIDENT'S MESSAGE

(SBR MAHESHWARI VIDYAPEETH)

“Learn from yesterday,
Live for today,
Hope for tomorrow.
The important thing is
not to stop learning.”

CA Harishankar Tosniwal

I lay hold of this opportunity to convey thoughts on my chosen vision of moulding young minds through the process of education. Education is a transformational channel through which one can develop one's skills, ideas and where one can materialize one's creativity.

As I reminisce over the 20 glorious years of Shreeyadevi Bhagirath Rathi Maheshwari Vidyapeeth School, Surat - my heart fills with love, admiration and pride. At SBR MVP, our main vision is to help the students evolve, expand and emerge as outstanding intellectuals who reflect the society at large. We continuously thrive to be at the forefront of innovation with the utilization of modern technology, which aids in moulding our students' career and the technical skills they need to possess in order to be successful today and in tomorrow's workforce. It is a matter of great pride that for the past 20 years SBRMVP has done commendable work in providing systematic education to thousands of students. The children of our team too have benefited immensely from the facilities offered by the school and it is heartening that today MVPians occupy a position of importance across the world.

With this in view, all our efforts are directed to ignite the young minds and mould our pupils into becoming better citizens and hopefully great leaders of the nation in future. As president, I feel immensely grateful to get this opportunity to guide young minds towards eternal growth and development. I would like to compliment the entire team of SBRMVP for planning to bring out a souvenir along with series of delightful programs to commemorate the completion of 20 years of the school. I wish you all the very best in your future endeavours and hoping each one of us comes out of challenging time of COVID-19, which we have faced recently. May you continue to prosper with god's blessings in the years to come.

PRINCIPAL'S MESSAGE

(SBR MAHESHWARI VIDYAPEETH)

Sarika Singh

“There is joy in work.
There is no happiness except
in the realization that we
have accomplished
something”.

Shreyadevi Bhagirath Rathi Maheshwari Vidhyapeeth is celebrating its successful 20 years. It is the realization of the dreams and ceaseless efforts of many stalwarts. With the blessings of Shreyadevi Bhagirath Rathi and the relentless efforts of the Members of the Management, the school has attained the status of an institute par excellence.

A child's mind is like a fertile soil, rich, vibrant with life eager to absorb every experience that comes within. My emotional and professional association with the school is since the beginning of its inception. I embrace this opportunity to have observed it grow like a seed transforming to a sapling. We are proud to acknowledge the numerous successful students, with more than two decade long record of eminent students passing out, their pursuing education at institutions of excellence across the globe and many of them being well placed, who have made a mark for themselves in the world.

The journey for growth, enhancement and wider perspective has taken MVPians to various corners of the globe and their stories of success come to me as a powerful source of reassurance and motivation. Meeting the alumni after many years and to see the change in their behavior evokes in me a deep sense of satisfaction and gratification.

We at SBR MVP are the fortunate ones to have the opportunity to work with the vision of our mentors. Their ideologies will always inspire us to reach greater heights. In the years to follow, with the vision and ideologies of our mentors, I will be committed to offer paramount services by making our school digitalized and help it reach the pinnacle.

Regards,
Principal

SECRETARY'S MESSAGE

(SBR MAHESHWARI VIDYAPEETH)

Mahendra Jhawar

SBR Maheshwari Vidyapeeth's legacy is long and enduring. For over 20 years, the SBR MVP family has made education a mission and performance, the axis of their commitment. Education is not merely the acquiring of a degree, it is an enduring process that affects your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in opening your mind to knowledge, experiences and ideas. I am happy to be a part of such educational excellence.

At SBR MVP, we provide a strong foundation with the freedom to explore, experience and experiment. Led by dozens of exceptional visionaries who have always remained concerned about developing next-generation leaders, we at SBR MVP commit ourselves to provide superior quality education that has deepened and grown over the last 20 years, developing leaders who have proved their mettle in all walks of life. When we began, philanthropy was the prime purpose, and hence education without donation became our motto to facilitate the children of Surat to avail holistic education. However, it fills my heart with pride to see it grow into a hub of quality education. With just 491 students, 13 teachers and one wing, it has grown into a tremendous campus of around 2000 students, 85 teachers, and a building spread over 8164 sq m. area with all the modern amenities.

Hence, I take this opportunity to congratulate all the school stakeholders for making this mission a great success. We vow to strive continually and instil an intrinsic desire in the students to always seek and meet the high expectations they have set for themselves, regardless of the diversity of their goals.

Regards,
Secretary

PRESIDENT'S MESSAGE

(SHREE MAHESHWARI SHIKSHAN SANSTHAN)

Balkishan Rathi

॥ श्रीहरिः॥

जय महेश

श्रीयादेवी भागीरथ राठी माहेश्वरी विद्यापीठ के सफलता पूर्वक एवं गरिमा पूर्वक 20 वर्ष पूर्ण करने के उपलक्ष में मेरी ढेर सारी शुभकामनाएं।

आज से 20 वर्ष पूर्व माहेश्वरी शिक्षण संस्थान ने एक सपना देखा था कि माहेश्वरी समाज द्वारा एक ऐसा स्कूल का निर्माण किया जाए जिसमें सभी समाज के बच्चों को बिना डोनेशन की शिक्षा उपलब्ध करवाई जाए। इस विषय पर गहन चिंतन करने के बाद समाज ने वर्ष 2001 में श्रीयादेवी भागीरथ राठी माहेश्वरी विद्यापीठ के नाम से एक स्कूल की शुरुआत की और आज समाज द्वारा लगाया गया वह शिक्षा का पौधा अपने 20 वर्ष पूर्ण करके 21 वे वर्ष में सफलता पूर्वक प्रवेश कर रहा है और अपने मूल सिद्धान्तों के साथ समाज के बच्चों को बिना किसी डोनेशन के शिक्षा उपलब्ध करवा कर उत्कृष्ट सेवा प्रदान कर रहा है। यह अपने आप में एक बहुत गर्व की बात है। यही नहीं हमारे विधालय का उदाहरण देखकर दूसरे समाज ने भी यह कार्य शुरू किया और शिक्षण कार्य हेतु विद्यालयों का निर्माण किया। इस तरह सूरत समाज के सभी वर्ग के बच्चों को इसका लाभ मिलने लगा। आज शिक्षा के क्षेत्र में माहेश्वरी विद्यापीठ का सूरत में अपनी एक अलग पहचान है और शहर के श्रेष्ठतम 5 विद्यालयों में आज इसका नाम आता है। इसके लिए मैं स्कूल के प्रिंसिपल, सभी शिक्षकगण और मैनेजिंग कमेटी के सदस्यों को बधाई देता हूँ। इस स्कूल के निर्माण से लेकर आज तक के सफर में समाज के जिन सदस्यों ने अपना उत्तम सहयोग दिया है, उन सभी का मैं शुक्रगुजार हूँ। माहेश्वरी विद्यापीठ ने शिक्षा के क्षेत्र में अपनी एक अलग ही पहचान बनाई है जिससे सूरत शहर में माहेश्वरी विद्यापीठ की निरंतर चर्चा होती रहती है।

आज इस विद्यापीठ से अपनी शिक्षा पूर्ण करके काफी विद्यार्थीयो ने अपने स्टार्टअप शुरू किये है और काफी विद्यार्थी अच्छी कंपनीयो में अपनी प्रतिभा दिखा रहे है। ये हम सभी के लिये गौरव की बात है। मैं इस माहेश्वरी विद्यापीठ के लिये आगामी वर्षों में भी उज्ज्वल भविष्य की शुभकामना करता हूँ।

शुभकामनाओं सहित

NARRATIVE ON FOUNDATION, MISSION & VISION

Narrative on Foundation

The institution stemmed from the passion for developing the community and the society. It was the brainchild of Shree Maheshwari Shikshan Sansthan and the foundation was laid with a vision to start a wonderful institution which could generate confidence in the children to fulfill their dream. The foundation was laid on 10th February 2000 on the auspicious day of Sarawati Pooja. The event was ecstatic and attended by esteemed guests including Late Smt. Shreyadevi Bhagirath Rathi. The day was marked with auspicious 'Bhoomi Pujan' and 'Kalash Sthapana'. The lease deed of land has been duly executed by SUDA on 11th October 2017 for a term of 99 years and the school building plan was regularized on 9th February 2022. Thus there was a dawn of a new institution which is continuing to do good work and besides providing yeomen services to the society, the school is known for its devotion, dedication and conviction.

OUR MISSION

Excellence in education with overall development.

OUR VISION

Our vision is to prepare and motivate our students for a rapidly changing scenario by instilling in them critical thinking skills, a global perspective and a respect for core values of honesty, loyalty, perseverance and compassion.

MILESTONE

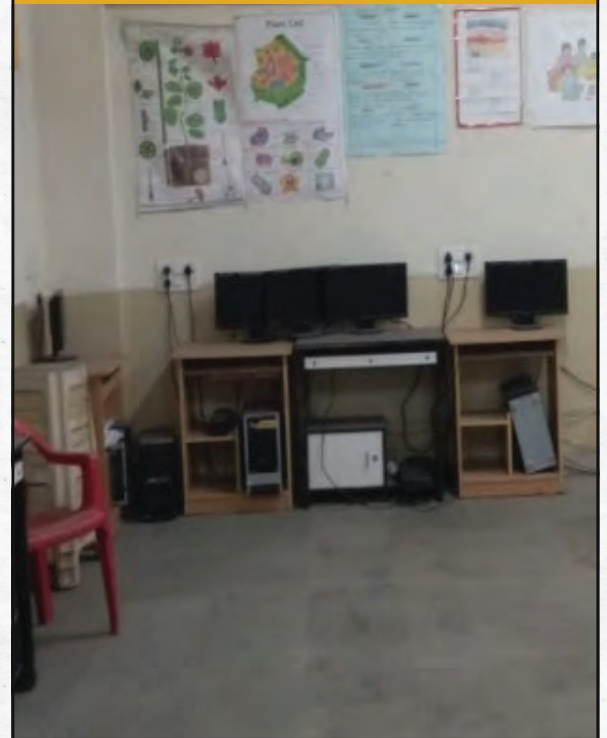

S B R Maheshwari Vidyapeeth adopted School No. 342 Pandit Deen Dayal Upadhyay Primary School run by Nagar Prathmik Shikshan Samiti Surat on 26 November 2018. S B R Maheshwari Vidyapeeth signed a memorandum of understanding to provide educational and physical facilities to the aforesaid school. The adoption was duly approved by Shree Maheshwari Shikshan Sansthan on 26 November 2018.

SBR Maheshwari Vidyapeeth not only took responsibilities, provided facilities but also undertook the works given by Administrative Officer of the Municipal School Board and running the school under the name of SBR MVP.

The success of school depends not only on the teachers and infrastructure but also on the number of students. When the school was adopted in November 2018, there were 1181 students in the school which increased to 1294 in 2020-21 that accounts for 9.5%, despite the unprecedented pandemic. In the current session 2021-22 there are 1378 students which accounts for an increase of 16.6%. During the lockdown and pandemic the students were taught through video and youtube links.

BUILDING

LIBRARY

CLASSROOM

The building of Maheshwari Vidyapeeth school is spread in the area of 8164 sqmt. In the year 2001, first wing was constructed.

The second wing was constructed in the year 2002. Later a series of construction was made including structure of dome, renovation of office, lush ground and playground area for sports.

Library is an integral part of SBR Maheshwari Vidyapeeth. The library started with 1000 books and was manually operated.

Now we have more than 9000 books. The Library is air conditioned and digitally operated.

In the beginning classrooms were spacious and airy with black boards and soft boards.

Now the classrooms have been renovated with new and attractive look. Each classroom is equipped with high end smart boards to facilitate better learning.

THEN

AUDIO
VISUAL
ROOM

ARENA
FOR
ASSEMBLY

AUDITORIUM

In order to promote learning and go beyond theoretical instructions, we have an Audio Visual room built in 2004.

The Audio Visual room has been renovated and upgraded with evolving technology.

Through computers and OHP's, knowledge is disseminated via movies, documentaries, animated videos etc.

The school has two wings and the quadrangle between the two wings is used constructively for co-curricular activities. The quadrangle is covered with dome structure as it helps to make use of space in hot summers and rainy season.

In order to achieve all round development of our students, equal importance is given to co - curricular activities. We have a splendid auditorium built in 2008 with a seating capacity of around 600 students.

It is fully air conditioned space for exhilarating events like inter house competitions, inter school events, lectures & seminars by eminent personalities.

THEN

COMPUTER LAB

SCIENCE LAB

TERRACE

Senior and junior computer lab was constructed to facilitate computers as part of the curriculum to the students. They were provided with the facility of individual computers, projector, a platform and a seating capacity of 42 students.

Senior and Junior Computer lab follows the state of the art norms. It is fully air-conditioned with a seating capacity of 42 students. The provisions include the podium, platform, projector, sound system, POP ceiling, LED lights, laser pointer and N-computing system. Computers are interconnected and it works with client-server model.

The school has 3 laboratories, Physics, Chemistry and Biology. Stoned platform, wooden cupboards, shelves & enough space to accommodate 42 students.

The labs have been renovated following the state of the art norms and space to accommodate enough students.

The provisions include granite platform, inbuilt electrical & gas connection, wooden shelves & storage cupboards, specimens, reagents, models and charts.

The terrace of SBR MVP is used as a base to stock materials or as a structure to support the arched dome.

In the year 2021, solar panel of 45 KV capacity was installed to reduce electricity consumption.

26. DIGITAL SBR MVP

LITEROM SOFTWARE

SBR Maheshwari Vidyapeeth always strive to be at the forefront of innovation and therefore has installed a software, Literom. The software is used by HR department, Admin department and Library for data maintenance. The academic staff also use it for attendance and result compilation.

FROM THE QUILL OF TEACHERS & STUDENTS

Educators' 20 years in SBR MVP
Scholars' 14 years in SBR MVP

I joined as a sports teacher in 2001. I am very happy to be associated with SBR Maheshwari Vidyapeeth. I see the affinity of Management and this affinity has attached me to this institution. Teacher's day in school is celebrated by the management and students to convey special respect for the teachers. Whenever the trustees meet us they usually ask "कैसे हो". These familiar magical words of Management fill our mind with enthusiasm. Today all sports facilities are available in our school and students also participate in state and national level. In tournaments, we encourage the students by saying :-

Never think I have nothing
Never think I have anything
But
Always think I have something
And
I can achieve anything

Sports week is also celebrated here and this activity is done with the support of our students, their parents and teachers. Sports activity leads to fitness, discipline and mutual understanding. Children are heartily happy with sports and we like their happiness. So if we come to school regularly it is important to maintain fitness. It means "HEALTH IS WEALTH".

हर कोई व्यक्ति समय के साथ कुछ सीखता है।
माता गुरु है, पिता भी गुरु है।
विद्यालय के अध्यापक भी गुरु है।
जिससे भी कुछ सिखा है हमने
हमारे लिए हर वो शक्स गुरु है।

I always say "if you stay small then you get to learn a lot". If you do everywork with good thinking and heart you get happiness.

The year 2020 is a golden year in the history of SBR Maheshwari Vidyapeeth. It completed its successful 20 years journey. In these 20 years my institution has groomed from an infant to an adult. It was established in 2001 from junior KG to grade 7 with a few teachers including me.

During this journey my institution has crossed many milestones and added feathers to its cap like getting affiliation till grade 12, achieving success in co-curricular activities and academics. The school has given many toppers since then. I consider myself to be fortunate enough serving this esteemed institution. I started my career as a Jr. Kg mother teacher. I too crossed a number of milestones like getting B.Ed and Masters degree and today am teaching grade 9. All this was possible only with the immense support of the Management and the Principal.

I once again thank Almighty, for giving me an opportunity to serve this institution and wish to serve it for many more years to come.

With this belief Maheshwari Vidyapeeth under the aegis of Institution Shree Maheshwari Shikshan Sansthaan has touched the pinnacle in providing excellent educational services to the society. My association with the school is deep rooted since its inception. With the growth of institution I have also witnessed my personal growth and have learnt skills to take the challenges in my stride with aplomb. Here students are not only educated but they are shaped to embrace the adversities with patience and perseverance and gel up in the dynamic environment of the society.

We at SBR Maheshwari Vidyapeeth are dedicated to build a strong nation by giving it fully responsible and knowledgeable citizens.

Students from this institution have always increased the benchmark set by the society and always put their untiring efforts in building institution's prestige. I congratulate one and all associated with the institution to accomplish 20 successful years of glory.

My heartfelt thanks to the Sansthan and the institution for giving such a tremendous and overwhelming response to our efforts. May Maa Saraswati shower her blessings on us always.

School memories are the one that lives with us forever in our heart. Talking about my journey with **SBRMaheshwari Vidyapeeth** from Jr. Kg to class 12, it had developed in me principles and the qualities of a good human being. The emotions with all the teachers and friends are the main reason that had taken a place in the heart of mine.

All the teachers are like my second parents who guided me at correct moment to the path of success. This school encouraged me and helped me to take part in many co curricular activities. It helped in my holistic development.

It is always a special feeling to stay in the same place for such a long period of time where we always learn something new. Not only studies but real life experiences help me attain the desired goals. This school has taught me to dream and paved the way to walk on the path of those dreams.

The vibes from the sports ground, computer labs, science labs are the reasons due to which I've enjoyed each and every moment in the school. The scoldings from teachers worked as a miracle in my life.

SEED OF KNOWLEDGE- NOURISHED IN SCHOOL

School life is very important part of one's life, because it provides opportunity to study and develop discipline. Besides these, the school life is a preparatory stage for entering public life. School plays an important role in widening the outlook of students. Virtues such as perseverance, sincerity, tolerance, discipline obedience developed in pupils. School provides opportunity to the students to be disciplined. They show discipline in classroom, playground, hostel and library at other places. School is a meeting place of students and teachers. From here, a student learns how to adjust himself with the society at later part of life. The school life is generally a period of holistic development. In school, all the students read in a spirit of togetherness. They forget their joys and sorrows. They read together, they play together and sit together. In those days they dream of how to achieve their goals. School is a right place for the fulfillment of their desires. Students take part in games and sports, drama and various other competitions. It is in school that the students enjoy the affection and guidance of their teachers. Teachers act as the guides and guardians who guide them on the right path.

In school, teachers try to groom the students by sowing seeds of good qualities in them. In school, students get proper scope to improve their knowledge and enhance their skills. In examinations the students get an opportunity to judge their analytical and theoretical skills. School has definitely a healthy influence upon students. It's been 14 years I have been studying in this school i.e. from Jr.Kg. to 12th standard. My attitude, perception, understanding towards various aspects of life have totally changed. I have transformed myself into a good person. My growth and development at the school has increased each and every day which resulted in some positive changes in my life. The aura of our school is so energetic, fresh and lively which makes it easy to grasp and learn things at once.

All the teachers at my school are also very dedicated and kind-hearted. They always motivate us, help us and care for us. Thus, I am growing every day and learning better things in my life which is helping me a lot to be a good person in totality.

" EDUCATION IS NOT ABOUT GOING TO SCHOOL OR GETTING A DEGREE. IT'S ABOUT WIDENING YOUR KNOWLEDGE AND ABSORBING THE TRUTH ABOUT LIFE."

What do you picture when you hear the word 'school'? I've been in the same place for 14 years and it is a second home to me. SBR MVP, is just a school to people but a wide world to me.

Now just a few months are left and then life will take a turn. I've never even thought about. I wonder what life would be without these walls & these faces. It's been a while since I've told this, but every teacher here deserves respect that we have within ourselves. They have moulded us, shaped us, and guided us into better beings. They have seen us strive to be worthy of everything and never given hope on us. I owe everyone my whole life, and I would leave a galaxy full of stars to do anything that makes one proud, and holds one's head up high.

SBR MVP has given me everything I could have asked for, even more, I could imagine. If I have achieved 98%, I know my teachers would push me up to 99% and still say, "I know you can do the best" I thank my teachers for always reminding me of the unknown potential I have.

SBR MVP taught everything right from fighting for the right to fighting for ourselves, from giving respect to being worthy of respect, from dignity to integrity, from courage to confidence, from strength to everything an individual wants in life.

But what if I still want to do all of these things here. Who will teach me how to live life without getting in the bus everyday in the morning? Never in my wildest dreams will I ever have the strength to leave this place. Give me an option, and without hesitation, I'll always choose this place. Lets all take a moment to appreciate every single gesture of each one of our teachers.

I thank all for giving us the lessons of moral values and ethics, for teaching us how to think, not what to think, for respecting our decisions, for picking us up at every step and for the virtuous and upright practices you made us do.

I don't know how life is going to be in a few years, but I'm sure whatever good happens, school life will be the best life.

As a student, I believe that SBR MVP is a sea of knowledge where conceptual learning is a mantra.

The institute challenges the monotonous & conventional teaching methods with a unique & innovative approach of combining education with fun.

Moreover, the faculty's unshakable faith in my abilities & guidance helped me significantly.

All 14 years at SBR MVP have been nothing less than a beautiful journey.

I'd like to express my deep gratitude to all faculties who, not just taught us school lessons, but also taught us life lessons.

I am grateful for all those life lessons which my teachers delivered during their lectures, which made sure that we become great individuals.

When I leave, I am going to miss this family very much and when I'll look back to my school days they won't be less than a fairy tale.

I am proud to be an MVPian.

School is the first formal institution of socialization and prerequisite in shaping one's character.

At SBR MVP, I got the necessary exposure as well as the right guidance to build up on my skills and develop new qualities. The curriculum as well as extracurricular activities shaped my overall personality. I got trained by teachers who proved to be good mentors for me. My school experience is one, I will cherish for lifetime.

Presently I'm working as Deputy Collector at Bharuch.

I'm Incharge of Revenue Administration of 102 villages as well as am upholding law and order situation, by being in contact with local police authorities and other government departments.

Big Congratulations to SBR MVP on completing 20 long and illustrious years. I had a great time in our school. Being part of the 1st batch to pass out from the school, I consider time spent in our school to be the best phase of my life till date.

Some of my current best friends are the ones I made in school. Our teachers are such a big source of experience and knowledge, I still remember some of the very important life lessons I learned are the one's which were during interactions with teachers like Sarika Mam, Tiwari Sir, and others.

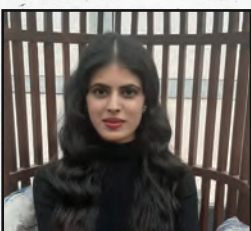

I wish lot of success to SBR MVP and my best wishes to all the teachers and management.

I loved my school life and all the friends I made there. The teachers helped me grow as an individual and enabled me to muster enough confidence to take on the challenges of life. I'm really proud of SBR Maheshwari Vidyapeeth and the years I spent there were the golden days of my life.

I am CA, CPA, ACCA, member of ICAI and practicing member of ICPAR.

I am a certified public Accountant leading an audit & advisory firm ALCPA in Rwanda, and serving as a Fractional CFO to multiple cleantech companies.

Previously, I worked in the areas of finance, accounting and taxes in multifarious industries across diverse geographical locations.

I am MS in Telecommunications Systems and Networks from Pace University, New York, United States and B.E. in Electronics and Communications Engineering from Nagpur University, Nagpur, Maharashtra, India.

I am a Solutions Consultant at ASC Technologies AG. MVP was, is and will always be a part of my life whose memories I cherish and nurture forever. The education imparted by such a esteemed school was only possible due to our Teachers who imparted not only knowledge, but inculcated life lessons of the highest value. It's been over a decade since I graduated but those values and lessons learnt still hold true and have paved the path to my career's success. Furthermore the institution provided me the best gift I could have ever asked for: true friendship. The memories, love and knowledge shared among our teachers and peers have helped lay a solid foundation in my life. It is one which grows stronger with every progressing day both professionally and personally.

How exciting it is to see SBR MVP completing 20 glorious years. Many Congratulations to the School, the teachers, and every face that made it possible.

Calm and quiet, the person that I am, I spent most of my school days studying or engrossed in novels from the library. From participating in elocutions to becoming the Head Girl, from struggling each day with Mathematics and Physics to enjoying English Literature classes, it has been a fabulous journey indeed. From taking Science as my subject to pursuing Fashion Design and Styling, I am grateful to SBR MVP for letting me be me, to the teachers for pushing all of us towards doing better.

It's because of the school today, I was able to pursue something apart from conventional career. Today, apart from working at a B2B Ethnic Wear Brand, I also run a Fashion Website (www.fashionblahblah.co.in) independently. I am so happy to see the success of the school that gave me so many memories and which lighted up the lives of so many students.

Pratik Singh and Sarthak Maheshwari have won state level and are further selected for national rounds.

SBR Maheshwari Vidyapeeth, Dumas road, Surat; earned glory for not only self but the state at large. Our students, Pratik Singh and Sarthak Maheshwari stood first at the state level in Preliminary round of the Fit India Quiz'2021. Further, they won Quarter-final and Semi-final rounds with a huge margin defeating renowned schools of the state. In the final round the other three schools were Reliance Foundation, Jamnagar; Gems Genesis, Ahmedabad and Saraswati International, Valsad. These students baffled the audience with their knowledge and expertise and won the finals by securing 55 points and a lead of 25 points. Soon they will be participating in the national round of Fit India Quiz. President Shri Harishankar Tosniwal shared that this event was extremely gratifying for all and wished both of them good luck for the national level. Secretary Shri Mahendra Jhawar ensured that more efforts will be made to showcase the talents of students in future. Principal Ms. Sarika Singh was immensely overwhelmed and expressed her experience as one of a kind. She quoted, "When I see the hard work of our kids and staff it gives me a sense of pleasure and pride. May they win the further rounds and bring laurels to our school, city and state". We are thankful to our honorable Prime Minister Shri Narendra Modi for such initiatives and for paving a path for future generation to showcase their talents.

ARTICLES FROM STUDENTS AND TEACHERS

No writing has any real value which is not the expression of genuine thought and feeling.

A BEAUTIFUL CUP

We often go to market to buy several gift items. The colourful items are arrayed on the shelf. Once while maneuvering in the gift shop, I caught hold of 'A Beautiful Cup'. It was not only me but many around looking at the cup, as if, that item was the most sought off.

I quickly picked it before anyone could lay hands at it. Back home, I kept on fascinating at the cup and a thought struck my mind. This 'Beautiful Cup' once must have been lump of mud. What a transformation! This lump must have gone through many ordeals. It must have been rolled and patted by the Potter, put on the spinning wheel. It must have been felt dizzy cried for help but the Potter might not have stopped.

Of course then it might have braved the heat in the oven. No pleadings to be spared would have been heard. When out of oven paints must have been put all over and toxic fumes would have almost gagged it. Oh my God! After going through so much, it has come out so beautiful! Everyone who owns such cup might feel happy. We humans are also like lump of mud, we are rolled and patted by God, and sometimes we spin around so called problems which seem to be herculean, swish around toxic environment. But one who comes out of these, rises above triumphantly and becomes lovable to all. All of us want such brave hearts around us, isn't it? Let's understand God's plan. We all will go through difficult times, but remember it is the process to become beautiful. In verse 23, chapter 13 of Bhagvad Gita lord says that the Supreme Proprietor resides in each one's heart and another verse says that he has a purpose for our pain, a reason for our struggles and a reward for our faithfulness. So let us trust him and move towards being- "The Beautiful Cup" of our life.

Every Test In Our Life Makes Us Bitter or Better,
Every Problem Comes to Break Us or
Make Us, The choice is ours whether
to become VICTIM or VICTOR

I DON'T LOVE YOU

Many people say they love their parents, teachers and friends but I don't love any of them. I don't love my mother because she never tells me about her pains, because she always roams near me without taking rest just to check that I should not have any problem while studying, because she just sleeps for four hours but still wakes me up early and sits beside me on the days of my exams.

I also don't love my father because he always takes tension, raises his blood pressure for my studies inspite of knowing that not a single mark from my report card would get added to his, also because he works so hard that he forgets to watch his favourite movies and shows and to meet his friends and have party and all for me. I even don't love my teachers because for no gain they are just after me for doing something or the other, and finally my friends, I don't love them also as none of them can ever praise me and can never help me in any of my plans for fun.

But you know what, I can't hate any of them. I can't hate my mother as her love for me would always be nine months more than any other individual across the globe. I can't hate my father because he has only one goal, only one happiness and that's me, because for him I am the best creation of almighty and because of his unconditional love for me. I can't even hate my teachers, as they moulded me in what I am, even for writing this I am indebted to them.

At last my friends, I can't hate them too because they never left me alone, it's true that they never supported me publicly but I know it's also a truth that they never tolerated anything against me behind my back.

"To love without condition, to talk without intention, to give without reason, to give without expectation, that's the spirit of True Love."

And that's the bond between us.

I love all the Sailors and Co-Passengers In this beautiful journey : Life.

PEER PRESSURE AND TEENAGERS

In the social and emotional development of teenagers, peers play a huge role. Their influence starts at an early stage and surges throughout their teenage years. Almost everyone has acquaintance with peer pressure at least once in their lifetime either in a positive or a negative way. Peer pressure is simply when someone gets you to do something. It is quite facile to get inclined by peer pressure because everyone wants to fit in and not be left out. Peer pressure can be both obliging and obstructive. If a person influences you for a good cause, then it is an incentive. While peer pressure for a bad cause will always lead you to a catastrophic situation. Just as every coin has two sides, peer pressure also has both its pros and cons.

It is advantageous in many ways. Most importantly it creates a sense of motivation in the person which further forces the person to cross the barrier and achieve something great. Furthermore, it boosts the confidence of a person because our brain considers people's opinions and makes them a primacy. However, there are disadvantages of peer pressure also which can harm a person in many ways. If any person is not willing to perform a task, then it can be frustrating to him. Peer pressure should not be in an exorbitant manner as it can put a negative sway on the person. Peer pressure in youth from a bad company can lead a person to a worse situation. It can also hamper a student's vocation and studies, if not averted. Youth these days are impelled by the glamorous life of celebrities. And since they follow them so much, these people become their peers. Thus, they do such things that they should not. Drugs and smoking are major examples of this. This can have adverse effects on their growth and career.

Therefore, it is indispensable for a person to not get affected by the people around them, so that they may not commit anything harmful for themselves.

It is necessary to judge the outcome of a deed before getting influenced by peers. Someone rightly said "I'm not in this world to live up to your expectations and you are not in this world to live up to mine." This means that a person should be of the mindset of listening to himself first. While considering opinions to some extent. Thus, other's opinion should always be secondary. Your own thoughts and wants should always have the first priority.

BE POTENT LIKE PRISM

Preeti Kothari (TGT)

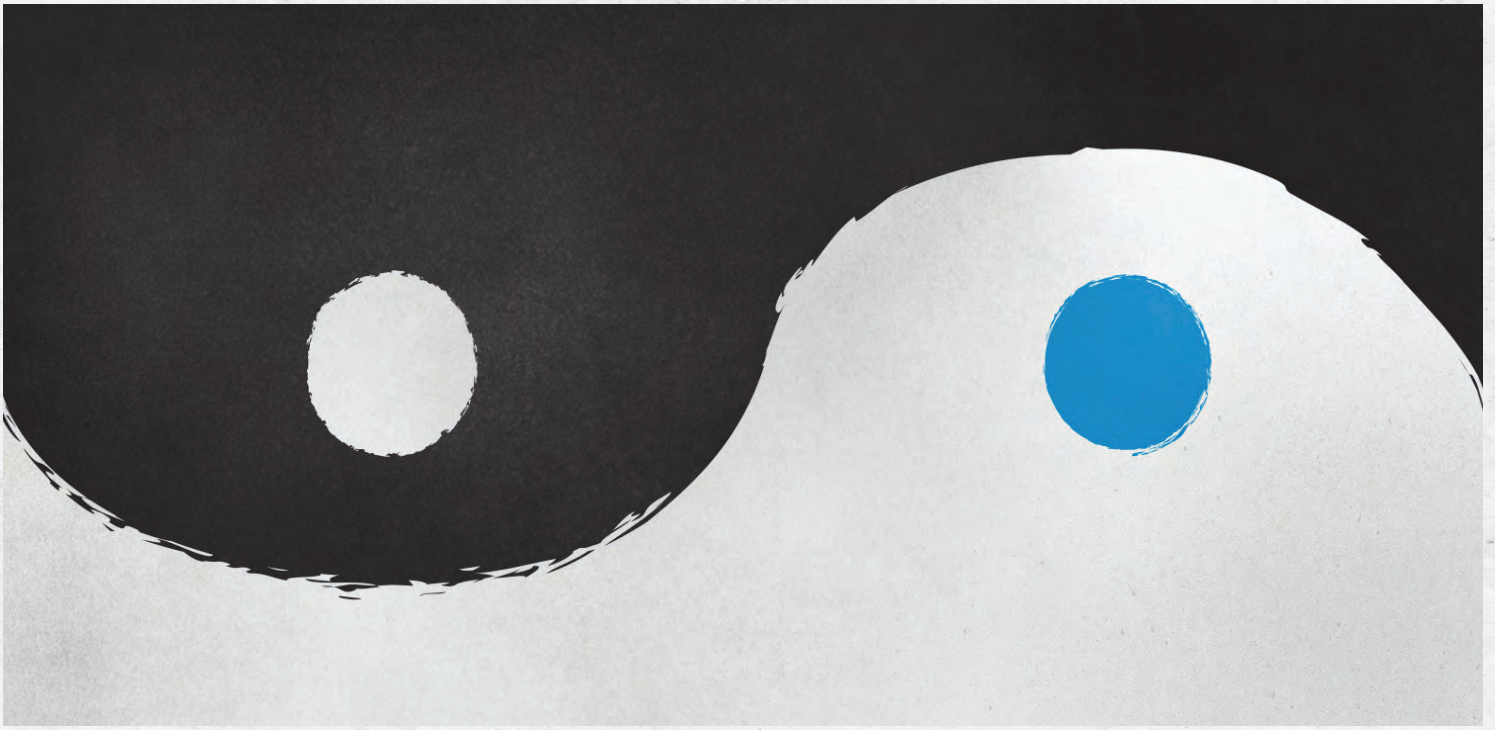

The seven shades of rainbow
Excites me to chase n retain it
Enlightens n sparkles my dull eyes
Fills my life with happiness n spice.

The colours persuade me keep going
Never be defeated, let same charm flowing
No matter anyone drags to inferno
Rise n shine leaving behind your shadow.

Prove to be best for the best
Don't grumble what thinks the rest
Emerge like a rainbow who faced struggle
Spirits high, dream big let others grumble.

LETTING PERFECT BE THE ENEMY OF GOOD IS BAD

Aditi Arora (VIII - A)

Reading this statement for the first time can confuse us a little, but on reading it properly, you will realise that it holds a very deep meaning within it. Being a student, I have faced it a lot and a part of me still does, but it is important to understand yourself and not change ourselves just in order to become the best. You should definitely be good in whatever you do, if you are not- you should work hard towards it because this is what we owe to ourselves and our family- no matter if you're simply a student or an employee in Google. If you are good, you should move towards making yourself better, not from others, but from your own previous version. What is to be learned is that there always is a difference between "trying to become better everyday" and "trying to become perfect". But people and very commonly students fail to realise this and always find themselves stuck in the rat race to be better than others, to be just 'PERFECT'.

We see our mates in the class and try to compete with them, try to become better than them in every other aspect, be it marks, academics or extracurricular activities. But this race comes with a lot of pressure- most important one being mental pressure. It starts deteriorating your mental health so much that it starts becoming visible in your actions, your mood and your physical health. This race, don't know if it will cause any profit to you but what it surely will do is harm you. In addition, people start losing their humanity- they become mean and cruel towards their own fellow beings. They also fail to understand the importance and the success that can be brought by togetherness. This rather decreases their efficiency. Can you realise, how much vicious this cycle is?

You began the race to be perfect, to be the best and ended up being worse than what you originally were, than what you worked so hard to become. Becoming perfect or being perfect is like an addiction for some people, they just don't know what they'll do if they are not the best. And they can literally do anything to achieve this. But at the end, we all work so that in the end we can be happy in our lives but this 'becoming PERFECT thing' robs you of this too. So what is the point of doing all this hard work if you can't be happy at the end of it and also during the journey? Now the next time, think twice about your happiness and your mental health before comparing yourself to others or trying to become the 'best' one in class.

HAPPINESS – AN ATTITUDE

Jyotsna Acharya (TGT)

Happiness is an ever eluding phenomena. Although everyone of us fervently wants it, but ironically it seems nowhere to be found. This is because we try to hunt for happiness from outside but it lies within us. It will be better understood from this anecdote — A despondent fellow once went to a city's most famous psychiatrist for advice. "You have acute melancholia," said the analyst. "The circus is in town these days. Go to it. It may pep you up and give you some laughs". "Your advice is worthless, mourned the fellow. "I'm the top clown there".

In fact our own story is not much different. We may try to make others laugh, when we are crying within ourselves. We are trying to pretend and seek happiness from what we are not. Trying to reach the real through the false is impossible. Happiness is an attitude, a state of mind, how you view life. Our confusion arises when we mix our needs and our wants; they are entirely two different things. Strive only for your needs and try to keep at bay your wants that are never ending.

Our origin comes from the origin of vastness. That is our originality. To come to the authentic through the pseudo - is impossible. The effort is a continuous act that makes you lose contact with your own self, distancing yourself from you. No, the real is never to be found this way.

When you are authentic, you are limpid and vast; when you are artificial, you are flaccid and shrunk. Only the vast can receive vastness on equal terms.

When you understand this one single mantra, you will always be at peace with yourself-you will be happy! Remember this key attitude to a happy life.

Be original ! Be Happy !! Be Blissful !!!
